

ARRL Membership Benefits and Services

Monthly Membership Journal: *QST*

QST is devoted entirely to Amateur Radio—and each issue is your source for equipment reviews, technical tips, projects, and news. The pages are filled with a broad spectrum of articles capturing the public service efforts of hams around the country, challenging topics, current events, and ways for you to become even more involved.

Product Reviews

QST Product Reviews and new product information help our members make smarter, more informed purchasing decisions for Amateur Radio equipment. ARRL Laboratory testing has contributed to advances in equipment performance.

ARRL as Advocate

ARRL supports legislation and regulatory measures that preserve and protect meaningful access to the radio spectrum. Our **Regulatory Information Branch** answers member questions concerning FCC rules and operating practices. ARRL's **Volunteer Counsel** and **Volunteer Consulting Engineer** programs open the door to assistance with antenna regulation and zoning issues.

Public Service

ARRL works closely with FEMA, Red Cross, and other agencies to keep Amateur Radio's emergency communications capabilities in disaster response plans. Public service and emergency communication volunteers enjoy support and training from ARRL.

Technical Information Service

Call or e-mail our expert ARRL Technical Information Service specialists for answers to all your technical and operating questions. This service is FREE to ARRL members.

Radiosport

ARRL sponsors many on-air contests and operating awards. If you live in the US or its possessions, Canada or Puerto Rico, you must be an ARRL member to earn awards.

Secure and accurate, thousands of members use ARRL's **Logbook of The World® (LoTW)**—our premier electronic QSO confirmation system. Keep track of all of your contacts with LoTW and qualify for official ARRL Awards like DXCC, Worked All States, Triple Play and VUCC even faster and less expensively than paper QSLs alone.

Outgoing QSL Service

Let us be your mail carrier and handle your overseas QSLing chores. The savings you accumulate through this service alone can pay your membership dues many times over.

Member Benefit Programs and Discounts

ARRL Ham Radio Equipment Insurance Plan

Insurance is available to protect you from loss or damage to your amateur station, antennas and mobile equipment by lightning, theft, accident, fire, flood, tornado, and other natural disasters.

Liberty Mutual Auto and Home Insurance

ARRL members may qualify for special group discounts on home and auto Insurance. Get a free quote.

The ARRL Visa Signature® Card

Show your ham radio pride with the ARRL Visa credit card. Every purchase supports ARRL programs and services.

Members-Only Web Services

Enjoy exclusive access to the Members-Only services on the ARRL website. You'll find information and services that are not available anywhere else.

■ *QST* Digital Edition

In addition to the printed copy of *QST*, all members have access to the online, monthly digital version of *QST* at no additional cost. Apps for Apple and Android devices are also available.

■ *QST* Archive and Periodicals Index

Browse ARRL's extensive online *QST* archive, and a searchable index for *QEX* and *NCJ*.

■ Product Review Archive

Download and view *QST* Product Reviews from past to the present.

■ E-Mail Forwarding Service – YourCallSign@arrl.net

E-mail sent to your **arrl.net** address will be forwarded to any e-mail account you specify.

What is Amateur Radio?

Amateur Radio (or “ham radio”) provides the broadest and most powerful wireless communications capability available to any private citizen anywhere in the world. This worldwide community of ham radio operators uses every conceivable means of wireless communications technology. They use their radios for emergencies, experimentation, and fun!

Many hams combine their affinity for radio technology with public-service volunteerism. In the United States (and most countries), a license exam is required to earn an Amateur Radio license. The Amateur Radio Service welcomes all ages, backgrounds and abilities.

About the ARRL

Founded in 1914, the American Radio Relay League is the national association for Amateur Radio in the USA. ARRL members enjoy information, services and benefits for a variety of interests and activities pursued by hams. ARRL publications, news, and educational resources help support individuals and local radio clubs. Many ARRL programs and special events encourage radio operating and skill advancement. ARRL members are active radio amateurs.

Whether your interest is emergency communications, public service, personal safety, making friends, or expanding your knowledge of electronics and communications, now is the time to join with ARRL's 167,000 members. ARRL members enjoy ham radio to the fullest!
